

Guest Lecture on Importance of Patents in Innovations by Dr. N.K. Choubey Organized by: Department of Biotechnology, SHGC, Bhopal

On Saturday, 28th of September 2018 a guest lecture on Importance of patents in Innovations was organized by Department of Biotechnology, Sant Hirdaram Girls College, Bhopal. Dr. N.K. Choubey, Sr.Principal Scientist and In-charge Intellectual Property Facillitation Centre, Patent Information Centre & Technology Management Centre, MPCOST, Bhopal was invited to share his expertise with the students in the field of IPR. Dr. Choubey has 13 years of experience in the field of IPR and technology related works.

Dr. Choubey shared his knowledge about intellectual property rights and how it is associated with innovative products. He further shared the law and rules made for the protection of intellectual property which is related to patent law, copyright, trademark and geographic indications.

The program was successfully conducted by Dr. Sugandha Singh, Head (Dept. of Biotechnology). Faculty members Ms. Shazia Khan and Dr. Divya Patel were also present. Students gained very useful information about IPR and Patenting from this lecture.
