STUDENT SATISFACTION SURVEY REPORT 2021-22

CRITERION II – TEACHING-LEARNING AND EVALUATION

STUDENT SATISFACTION SURVEY

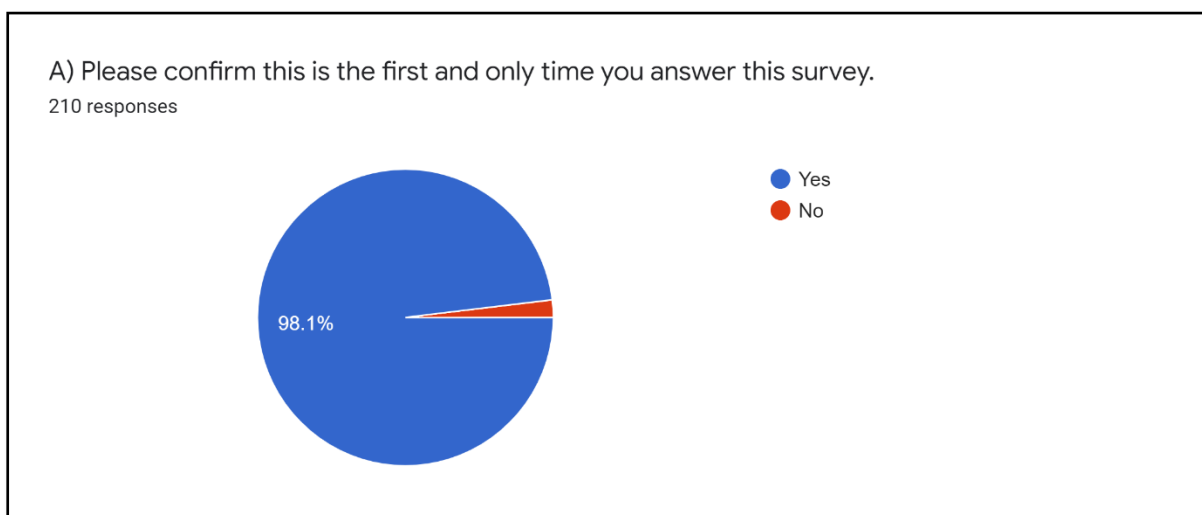

Students Satisfaction Survey (SSS) was conducted among the students of the college through the google forms (online). The questionnaire has been framed based on NAAC guidelines. The result of this survey is based on the response of **210** students. The summary is displayed on the college website and it is also presented in the IQAC meeting.

Number of responses received for the (SSS) survey = **210**

The Student Satisfaction Survey was conducted by a team of teachers in the month of March, 2022. The specific month was chosen so that teaching learning process is at its end and it is possible for students to retrospect and provide correct responses. Each question in the NAAC SSR format is aimed at collecting factual opinion of students on curriculum, completion of syllabus, preparedness of the teachers, reaction of the students regarding pedagogy, attitude of teachers, transparency and fairness in internal evaluations, placement possibilities, curricular and extra-curricular activities, overall impression and suggestions about the college. Each question in the survey fulfils one or the other educational goal. This simple but important exercise definitely helps to improve the relevance of teaching and learning. This survey corresponds to institute level feedback on infrastructure and teaching learning experience.

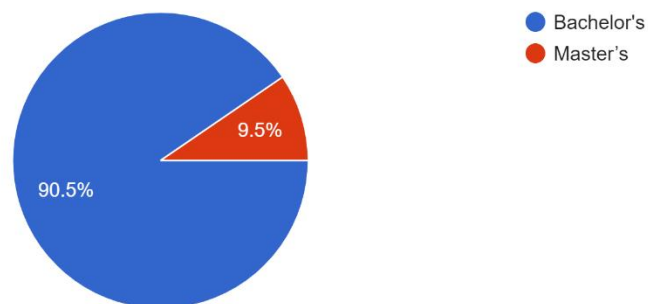

Analysis and the findings:

The responses collected from students were analysed by a team of teachers. The question-wise outcome of the results is presented below:

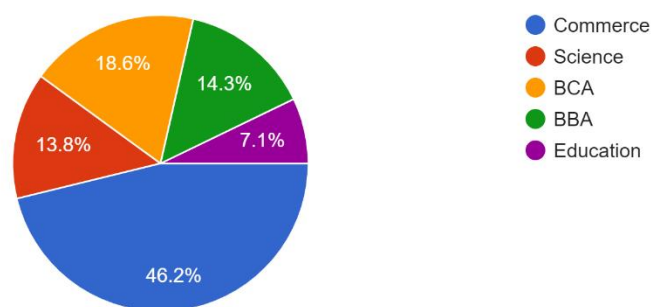

H) What degree program are you pursuing now?

210 responses

I) What subject area are you currently pursuing?

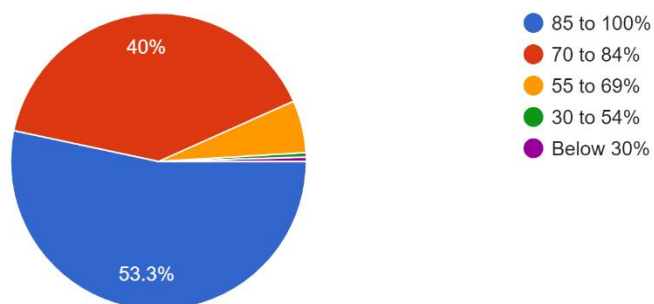

210 responses

Student Satisfaction Survey on Teaching Learning Process

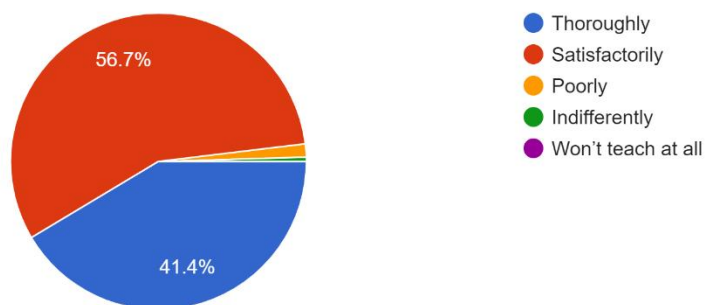

1. How much of the syllabus was covered in the class?

210 responses

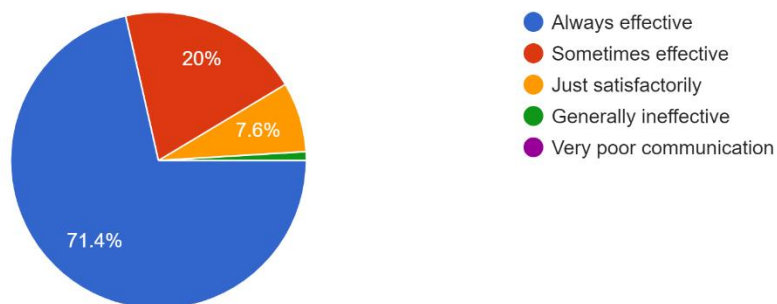

2. How well did the teachers prepare for the classes?

210 responses

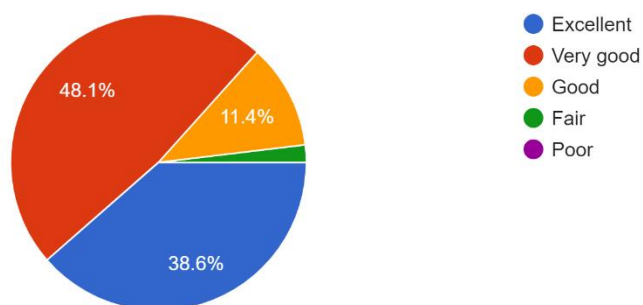

3. How well were the teachers able to communicate?

210 responses

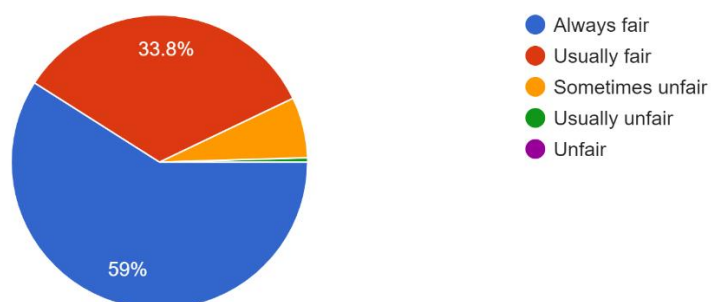

4. The teacher's approach to teaching can best be described as

210 responses

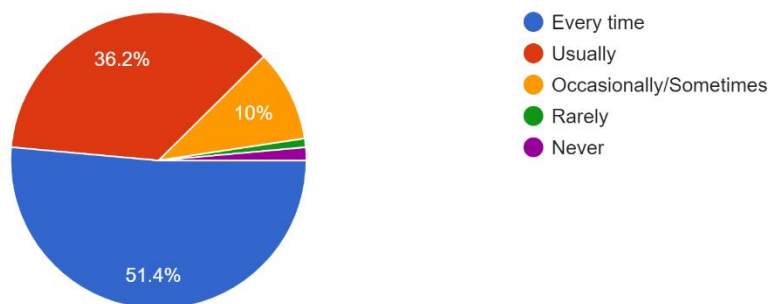

5. Fairness of the internal evaluation process by the teachers.

210 responses

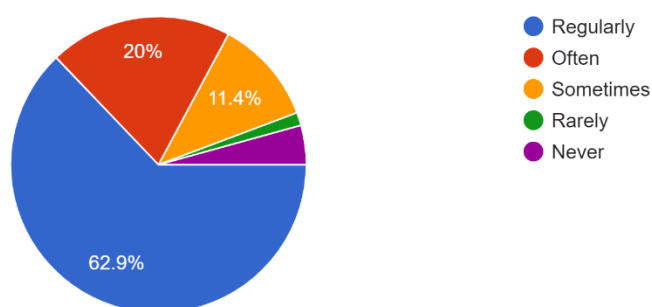

6. Was your performance in assignments discussed with you?

210 responses

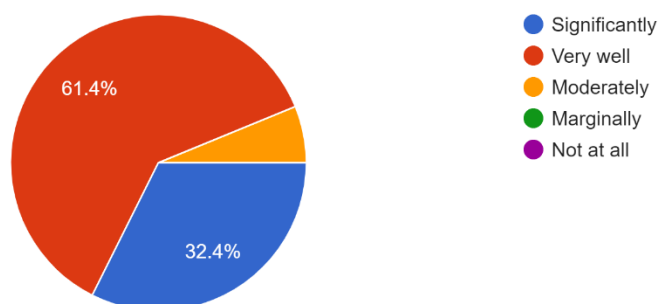

7. The institute takes active interest in promoting internship, student exchange, field visit opportunities for students.

210 responses

210 responses

19. What percentage of teachers use ICT tools such as LCD projector, Multimedia, etc. while teaching.

210 responses

20. The overall quality of teaching-learning process in your institute is very good.

210 responses

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

210 responses:

No suggestions all good.

Projector learning, more campus should be arrived at college , get extra activities more like sports , intership .

There is no doubt of the teaching skills of the teachers, it is always effective and surely teachers too work hard to fulfill our expectations. But there are only some classes which have got the chance to learn through LCD projector or other devices. There can be a bit more improvement on this area. Thank you.

Very well

1. More jobs campus for science students could be brought
2. instruments like hplc, spectrometers should be installed in science labs

My institute and my teachers don't need any kind of suggestions.
Overall good

Washrooms of 2 floor should be a little more clean
