

STUDENT SATISFACTION SURVEY REPORT 2020-21

CRITERION II – TEACHING-LEARNING AND EVALUATION

STUDENT SATISFACTION SURVEY

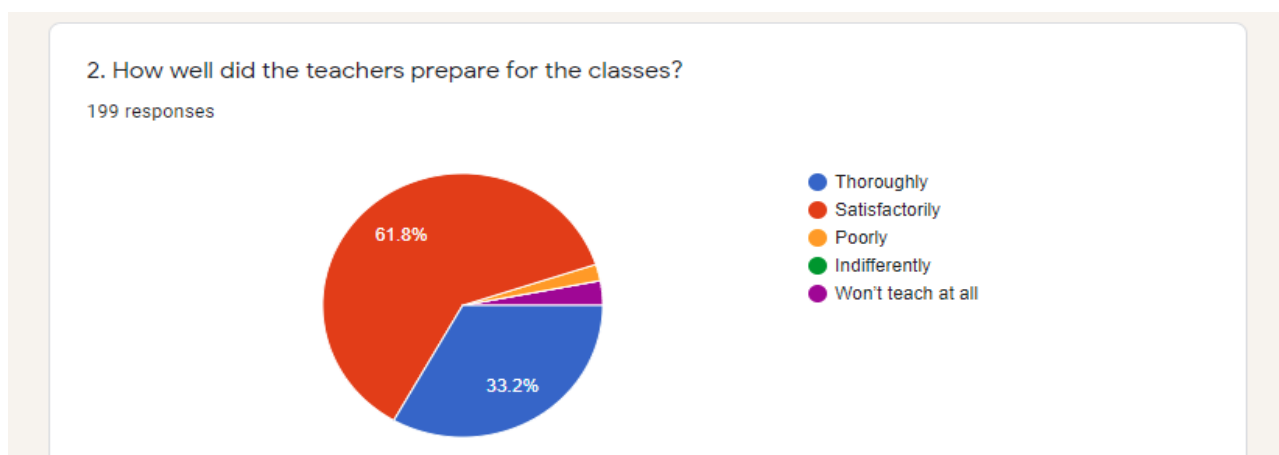

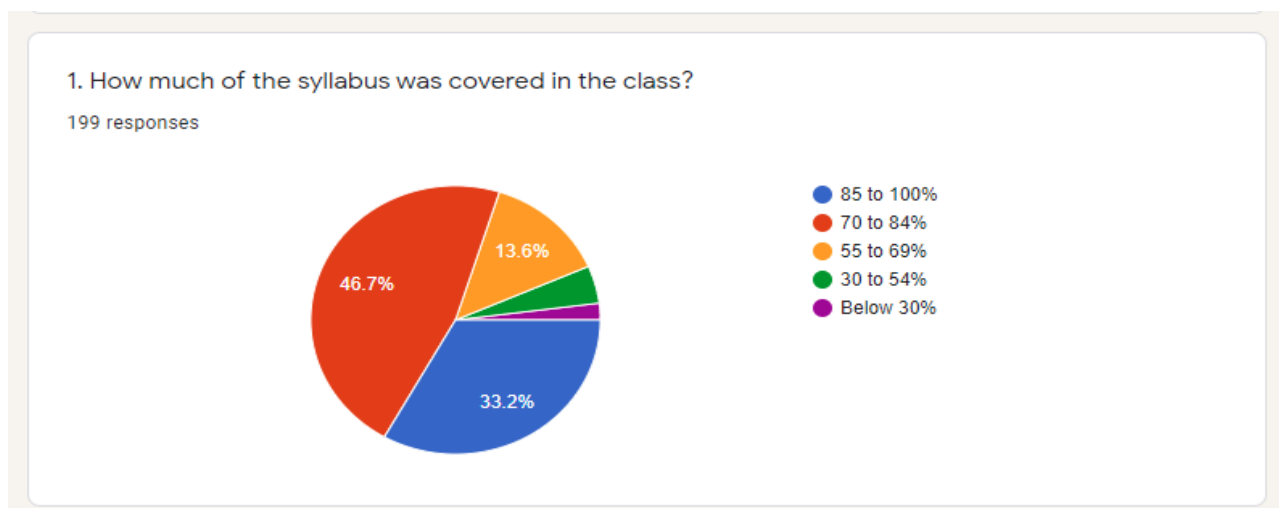

Students Satisfaction Survey (SSS) was conducted among the students of the college through the google forms (online). The questionnaire has been framed based on NAAC guidelines. The result of this survey is based on the response of **199** students. The summary is displayed on the college website and it is also presented in the IQAC meeting.

Number of responses received for the (SSS) survey = **199**

The Student Satisfaction Survey was conducted by a team of teachers in the month of April, 2021. The specific month was chosen so that teaching learning process is at its end and it is possible for students to retrospect and provide correct responses. Each question in the NAAC SSR format is aimed at collecting factual opinion of students on curriculum, completion of syllabus, preparedness of the teachers, reaction of the students regarding pedagogy, attitude of teachers, transparency and fairness in internal evaluations, placement possibilities, curricular and extra-curricular activities, overall impression and suggestions about the college. Each question in the survey fulfils one or the other educational goal. This simple but important exercise definitely helps to improve the relevance of teaching and learning. This survey corresponds to an institute level feedback on infrastructure and learning experience.

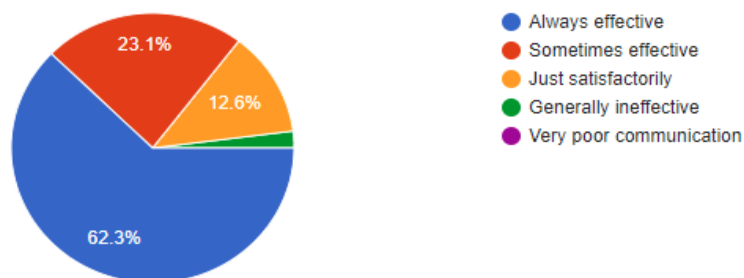

Analysis and the findings:

The responses collected from students were analysed by a team of teachers. The question-wise outcome of the results is presented below:

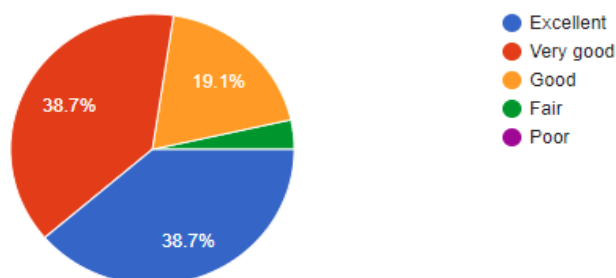

3. How well were the teachers able to communicate?

199 responses

199 responses

21. Give three observation / suggestions to improve the overall teaching – learning experience in your institution.

199 responses

They should pay attention to each and every student personally and help them overcome aspects in which they lack.

Understanding between student and teacher must be strong

No suggestions 😊

No any suggestions

1. Use better graphics And visual media to engage student and ask their doubts .
2. Break learning into chunks .
3 . Try to build in daily practice . No one ever mastered a skill on the first try that is daily revision of a particular previous topic.

It was very satisfactory knowledge in this foundation

Explain the topic with concept clarity and example.
