I believe that proper air conditioning should be installed, and every function or performance should have its stage—not just a corridor to make that specific function's significance clear to the students and lastly proper maintenance of sports hall or gymnasium.

I'm satisfied with this college.,...!

Start some musical activity

Overall good campus and very good teacher of BBA

We want water cooler in science wing.

I would like to tell the management that their should be this facility of not letting the students go out of the college without permission of their respective teachers by telling them the reason. Students bunk classes a lot as no one asks them about where are they going. It really needs to be improved.

The teachers are very amazing , and overall everything is fine yet .

Overall, I really enjoying studying here and appreciate the efforts made by the administration.. I think more events and activities could help foster a stronger sense of community among students.. i love the campus vibe & I'm excited to see how it evolves in the future..

- 1- Timing of the college should be shortened.
- 2- canteen is very costly
- 3- all functions should be conducted in the auditorium rather then in the wing.
- 4- paint should be done in the college.
- 5- more development should take place in the college.

Washrooms need to be clean. Though everything is amazing

The FC classes like English , Hindi women empowerment should not be on weekends if it would be on regular days then might be very helpful for some....

The lab often ends up being quite messy, so pay more attention to keeping it organized & cleaned. Additionally, the lighting in both the labs and classrooms needs improvement.

Atleast every Saturday, a student can wear civil dress like jeans kurta etc.

Please maintain the decorium of the college campus students friendly for students

Makes student free bcz clg life is not a school life. Students were mature and this age. Restriction must be reduced and assembly not be conducted...

I like the faculty and I feel I had the best environment for my studies and Placements are good, faculty are awesome, Campus provides good environment to student and everyone are so friendly with each other. All the students are cooperative and supportive.

We want you to make college roads better
